Product Designer

Product Designer with 4+ years of experience designing user-centered web and mobile applications for global, remote, and Product and engineering teams. Skilled in UI/UX design, wireframing, prototyping, and design systems, expert in Figma, Adobe XD, and Sketch. Strong background in user research, usability testing, interaction design, and responsive design, delivering data-driven solutions that improve user engagement and product performance. Collaborated with multidisciplinary teams in Agile/Scrum environments, working closely with product managers, developers, and stakeholders to deliver user-centered design solutions that improved usability and product performance.

Skills

- UI/UX Design
- Information Architecture
- Persona Development
- Experience Optimization
- Sketch
- Design Systems
- Development
- Feature Design
- Cross-Department Coordination
- User Research
- User Journey Mapping
- Adobe XD
- Prototyping Tools
- Product Lifecycle
- Collaboration
- Stakeholder Communication
- Remote Team Collaboration
- Interaction Design
- Product Design Strategy
- Responsive & Mobile-First Design
- Usability Testing
- Figma {Advanced}
- Wireframing Tools
- Agile/Scrum Methodologies
- Multidisciplinary Team Collaboration

Remote Readiness Highlights

- Effective Remote Communication
- Self-Management & Accountability
- Digital Collaboration Proficiency
- Time Zone Flexibility
- Adaptability in Remote Work Environments

Experience

LEAD PRODUCT DESIGNER | ANYWORK, FREELANCE (ANYWORK.COM.NG) | OCT 2025 TO PRESENT

- Leading end-to-end design of web and mobile products, driving a 30-45% increase in user engagement through intuitive UX, data-driven design decisions, and optimized user flows.

- Conducting comprehensive user research, usability testing, and behavioral analysis, reducing user drop-off rates by 25% across critical product journeys and improving overall user retention.
- Collaborating cross-functionally with product managers, developers, and stakeholders to deliver scalable, user-centered design solutions, accelerating product delivery cycles by 20% while maintaining high-quality standards.
- Establishing, scaling, and maintaining a robust design system, enhancing design consistency, strengthening brand alignment, and reducing development rework by 35% through standardized components and design governance.

LEAD PRODUCT DESIGNER | NERDBUG (WWW.NERDBUG.IO) | JUL 2025 TO PRESENT

- Spearheading product design strategy, driving a 40% improvement in product usability scores through user-centered design methodologies and data-informed decision-making.
- Designing high-fidelity, interactive prototypes that accelerate stakeholder approvals and reducing iteration cycles by 30%, enabling faster product delivery.
- Optimizing onboarding experiences, increasing user activation rates by 25% by enhancing user flows, reducing friction, and aligning with key user needs.
- Mentoring junior designers and enforcing design best practices, improving team productivity by 20% while ensuring consistency, scalability, and adherence to design systems.

LEAD PRODUCT DESIGNER | NEXTVIBE, FREELANCE (WWW.NEXTVIBE.CO) | FEB 2024 TO PRESENT

- Delivering user-centered design solutions that increase customer retention by 20-30% through data-driven UX strategies and continuous optimization.
- Translating complex product requirements into intuitive, user-friendly interfaces, reducing user errors by 25%, and improving overall usability.
- Collaborating closely with cross-functional teams, including developers and product managers, to ensure design feasibility and achieving over 90% implementation accuracy.
- Optimizing mobile responsiveness and performance, enhancing accessibility and delivering seamless experiences across multiple devices and screen sizes.

LEAD PRODUCT DESIGNER | HELP APP AFRICA, CONTRACT (WWW.HELPAPPAFRICA.COM) | FEB 2025 TO JUL 2025

- Spearheading the redesign of core platform features, driving a 35% increase in user satisfaction (CSAT) through user-centered design strategies and continuous iteration.
- Conducting comprehensive UX audits and implementing targeted usability improvements, increasing task completion rates by 28% across critical user journeys.
- Collaborating cross-functionally with product managers and engineering teams to deliver scalable solutions, accelerating go-to-market timelines by 25%.
- Leveraging data-driven design methodologies, analytics, and user insights to optimize product experiences, resulting in a 30% increase in feature adoption rates.

PRODUCT DESIGNER | SCOUTALIST, FREELANCE | DEC 2024 TO MAR 2025

- Designing user flows and wireframes that enhance navigation efficiency by 20%, ensuring seamless and intuitive user journeys.
- Creating visually compelling UI designs that drive a 25% increase in user interaction and engagement.
- Delivering rapid, feedback-driven design iterations, reducing revision cycles by 30%, and accelerating product development timelines.

PRODUCT DESIGNER (INTERN) | PINNACLEBYTES | OCT 2024 TO DEC 2024

- Assisted in the design and optimization of user-centric product interfaces, contributing to a 15-20% improvement in overall usability and user experience metrics.
- Supported UX research initiatives, including user testing and competitive analysis, to generate actionable insights that informed data-driven design decisions and enhanced product strategy.
- Collaborated closely with senior designers and cross-functional teams to develop and maintain consistent, high-quality UI components aligned with established design systems and brand standards.

PRODUCT DESIGNER (INTERN) | MINISQUARE MART | DEC 2023 TO JUL 2024

- Designed and optimized end-to-end e-commerce user experiences, increasing checkout completion rates by 20% through improved usability and streamlined purchase flows.
- Enhanced product discovery by implementing intuitive navigation systems and advanced filtering mechanisms, driving a 25% increase in user engagement.
- Delivered data-driven UI/UX improvements that reduced bounce rates by 15-20%, improving overall user retention and session quality.

PRODUCT DESIGNER (INTERN) | FORRA FINANCE | AUG 2023 TO DEC 2023

- Designed intuitive fintech product interfaces that prioritized usability, security, and user trust, resulting in increased user confidence and engagement across key journeys.
- Collaborated in the development of data-driven dashboards and streamlined financial workflows, reducing user friction by 20% and enhancing overall task efficiency.
- Conducted usability testing and translated user insights into actionable design improvements, driving continuous optimization of product performance and user experience.

Education

BSC. EDUCATIONAL MANAGEMENT | 2017 | EKITI STATE UNIVERSITY, EKITI

Licenses & Certifications

- Product Design Certificate
cww Tech Africa - 2023
